**PROJECT ADDRESS:**

**TYPE OF ACCESS (check which applies)**  
 Rural access includes open ditches and culvert pipes. Urban access includes concrete curb and gutter and possible sidewalk. A separate permit will be included if paving the access.

<b>GRAVEL – RURAL</b>	<b>PAVED – RURAL</b>	<b>GRAVEL – URBAN</b>	<b>PAVED – URBAN</b>
-----------------------	----------------------	-----------------------	----------------------

**DRIVEWAY CULVERT**  
 A culvert is required in most rural applications and shall be provided at the appropriate size and length. May need to work with Caledonia Engineering to determine the final size and length of the pipe if unknown at time of application. (262-835-6435)

<b>CULVERT REQUIRED?</b>	YES	NO
<b>PROP. CULVERT DIAMETER &amp; TYPE</b>		
<b>PROP. CULVERT ELEVATION</b>	(North   West )	(South   East )
<b>CULVERT ELEVATION (if addt'l req'd)</b>	(North   West )	(South   East )

Note: Flared end sections are required on all driveway culverts unless waived in writing by the Village Engineer. Culvert shall be installed per Standard Specifications, shall be Arch CMP, and be installed at the above elevations. As built/recertification may be required for new homes or other applications (see below).

**PROJECT DESCRIPTION**  
 Provide additional information for the work being requested and any special circumstances surrounding the access.
